Aon Hewitt Portal Cookie Notice

By using an Aon Hewitt website, you agree that we can place cookies on your device as described in our Privacy Statement found in site footer link and this Cookie Notice.

What are cookies?

A cookie is a piece of information contained in a very small text file that is stored in your Internet browser or elsewhere on your hard drive. Cookies allow a website to identify a user's device whenever that user returns to the website and are commonly used in order to make websites work more efficiently and enrich the user experience, as well as to provide information to the owners of the site.

Aon Hewitt's use of cookies

Aon Hewitt collects information during your visit to an Aon Hewitt website through the use of cookies. We use these cookies for a variety of reasons, most commonly to distinguish you from other users of our websites and to help us compile aggregate statistics about usage of our websites. We also use cookies to help us provide you with a positive experience when you browse our website, help improve our content, and to personalise your visit.

Main Aon Hewitt cookies

Below, we describe the purpose of the main types of cookies we use on the Aon Hewitt websites. Please note that we may from time to time modify or update our cookies. When that happens, we will update this list accordingly.

Functionality Cookies

These cookies, also called “persistent cookies”, recognize repeat visitors to the site and allow the site to remember the choices you make (such as your language and location). They record specific browsing information (including how you arrive on the site, pages you view, options you select, information you enter, and the path you take through the site) against an individual customer profile.

Functionality Cookie Category	Purpose of Cookie Category
Global Session Cookies	These cookies collect information about how visitors use our site and enable us to link logs and activities for a given user across our applications. We use the information to compile reports and help us improve the site.
Language Preference Cookies	These cookies record your preferred language. They let our website display your preferred language when you visit our site.

Content Management Cookies	These cookies personalize your home page experience on the portal site. They may be based on groups your employer has identified, such as employment status, work location, role, or an activity you've initiated.
Authentication Management Cookies	These cookies store information for identifying/securing user sessions.

Similar Technologies

Functionality Cookie Category	Purpose of Cookie Category
Video Cloud Player Cookies	Aon Hewitt uses Brightcove on its websites to deliver video content. Brightcove has developed its own cookies, which are used by the Video Cloud Flash Player for band width detection and video quality analytics.
Webchat	Aon Hewitt uses Webchat to manage online access to Customer Service representatives. A 'whoson' cookie will be established that holds information used to manage Webchat.

How to control cookies?

Cookies

You can control acceptance of cookies by modifying your Internet browser preferences. You have the ability to accept all cookies, to be notified when a cookie is set or to reject all cookies. Please note that, if you choose to block all cookies (including essential cookies) you may not be able to access all or part of our site and may be unable to use those services or engage in activities that require the placement of cookies.

To disable cookies:

If you are using Internet Explorer 8.0+:

- Go to "Tools" in the menu bar and then click on "Internet Options"
- Click on "Privacy" Tab on top
- Move the slider up to the "Block all the Cookies" setting

If you are using Firefox 4.0+:

- Go to "Tools" in the menu bar
- Click on "Options"
- Click on "Privacy Tab"
- Disable the box that says "Tell websites I do not want to be tracked"

If you are using Google Chrome:

- Go to "Tools Menu"
- Click on "Settings"
- Click on "Advanced Settings"
- Click on "Privacy/Content Settings"
- "Cookies" should be selected. Once done select "Block third party cookies and site data"

If you are using Safari 5.0:

- Choose Safari > Preferences and click "Security."
- In the "Accept Cookies" section, specify if and when Safari should accept cookies from websites. To see an explanation of the options, click the Help button (looks like a question mark). If you have set Safari to block cookies, you may need to temporarily accept cookies to open a page. Repeat the above steps, selecting Always. When you're done with the page, turn off cookies again and remove the page's cookies.

For more detailed information on how to control cookies you may wish to visit www.aboutcookies.org or www.allaboutcookies.org.

Video Cloud Player Cookies
